Re: CORA Request

Dear Senator Newell:

This letter is a request for public documents pursuant to Colorado Open Records Act (CORA), C.R.S. Section 24-72-201, to inspect all public records for the time frame **January 1, 2012**, to the **present**. The specific records requested are in relation to legislation to regulate Colorado private investigators, notably and most recently related to pending Senate Bill **SB-133**. The specific records requested are as follows:

1. Records of land line phone calls to and from those promoting or opposed to PI regulation, including incoming and outgoing calls as kept by your office.
2. Cellular telephone records, including all records relating to incoming and outgoing text messages and incoming and outgoing telephone calls, including call logs, as kept by your office pertaining to the above legislation.
3. All documents related to your schedule or designee, including copies of all calendars, meeting requests, records, and notes generated during such meetings.
4. All correspondence, including emails and electronic correspondence to, from, between, and copied to you, by the Professional Private Investigators Association of Colorado (PPIAC) board members, non-board members, national and international private investigative and/or security organizations, including but not limited to NCISS and their membership, communications regarding the regulation of Colorado private investigators with the office of Colorado Governor John Hickenlooper, members of the Department of Regulatory Agencies (DORA), communication on the issue with the Colorado Department of Revenue, Legislative Counsel, individuals expressing support or opposition to the bill, all other House and Senate lawmakers concerning proposed legislation, and all lobbyists and/or their assistants.

Sincerely yours,

Rick Johnson
